## STANDARD SPECIFICATION

#### Safety & Security

- · ABS (Anti-lock Braking System) with EBFD (Electronic Brake Force Distribution) and EBA (Emergency Brake Assist)
- Automatic Post Collision Safety Brake (PCSB)
- Airbags: Adaptive driver and front passenger airbags (includes passenger airbag deactivation function)
- · Airbags: Driver and front passenger side airbag
- Airbags: Front & rear curtain airbags
- · Alarm Perimeter, Volumetric and Anti-lift
- Automatic door locking when moving off
- · Automatic hazard light activation upon heavy brake application
- · Child locking functionality on rear doors manual
- Deadlocking
- · Electronic code immobiliser
- · ESP (Electronic Stability Programme) with Hill Start Assist
- Front optimised safety headrests and rear retractable headrests (x3), height-adjustable.
- · Seatbelts front and rear outer with pyrotechnic pretensioners and force limiters
- Seatbelts rear seat with central 3 point seatbelt
- · Front and rear disc brakes
- Isofix child seat fittings (x2) in the second row
- · Programmable cruise control and speed limiter
- · Lane Keeping Assist

- Speed limit & traffic sign recognition and recommendation
- Driver Attention Alert
- Intelligent Speed Adaption
- Seatbelt unfastened on the move with audible and visual alert for front and rear seats
- · Puncture repair and tyre inflation kit
- Locking wheel nuts
- Tyre under-inflation monitoring and detection (indirect)
- Exterior temperature indicator with ice warning
- · AVAS: Acoustic Vehicle Alerting System. Generates a sound when travelling at low speed, audible outside the vehicle for pedestrian safety. Standard on all HYbrid versions

#### Lighting and Visibility

- · LED front and rear exterior lighting
- · ECO LED headlights
- · PEUGEOT signature 'fang' front daytime running lights
- · PEUGEOT signature 'claw' rear daytime running lights
- Front windscreed wipers with 'Magic Wash'

## SHOWROOM

## **NEW PEUGEOT 408 EXPLORE THE RANGE**

## STANDARD SPECIFICATION

#### **Comfort & Convenience**

- Electric power steering with reach and rake manually adjustable steering column
- · Electric parking brake
- Multifunction trip computer
- 'One-touch' electric front & rear windows with pinch protection
- · PEUGEOT i-Cockpit®:
- 10.0" HD touchscreen
- 10.0" Instrument Panel Display
- Compact Multifunction Steering Wheel
- 'High Vent' air flow system
- · 'Arch' design central console with storage
- Grab handles (x4), retractable
- Push button start
- Tailgate with heated rear windscreen
- Acoustic tinted windscreen
- · Drive mode selector (PureTech: Eco/Normal/Sport, HYbrid: Electric/ HYbrid/Sport)
- Central front armrest with storage compartment
- Manual gear change driving mode via steering mounted paddles
- 3.7kW monophase On board charger (HYbrid)
- Mode 3 type 2 cable for wall box charging (HYbrid)
- 2x Keys (lock, unlocking, boot release, concealed key)
- · 12V sockets cabin & boot

#### In Car Entertainment

- PEUGEOT i-CONNECT®
- 10-inch (1920x720) HD fully customisable touch screen
- DAB & AM/FM bi-tuner
- Wireless MirrorScreen (with Apple Car Play, Android Auto)
- Bluetooth (connect up to 2 phones)
- Up to 8 Driver Profiles
- USB Sockets (x4)

#### Interior Features

- · Compact Automatic Gear selector
- · Glovebox with LED lighting
- · 'Piano' keys: toggle switches to access main functions
- · Luggage cover conveniently attached to fastback
- Ski Hatch
- · Rear central armrest with cupholders

#### **Exterior Features**

- · Alloy Wheels featuring 'Star' centre cap with PEUGEOT shield
- · Body coloured 'cat's ear' rear spoiler
- · Body-colour exterior door handles
- · Model designation badges front and rear
- · Gloss black door mirrors
- · Gloss black B Pillar
- · Gloss back connecting strip between rear lights
- · Lower body and wheel arch 'SUV style' protection

## **NEW PEUGEOT 408** STANDARD EQUIPMENT BY VERSION

## **ALLURE**

AVAILABLE WITH PURETECH PETROL AND PLUG-IN HYBRID ENGINES

#### SAFETY AND SECURITY

- Advanced Emergency Braking System (Video-AEB) Includes radar (AEBS3) on HYbrid versions
- Extended Traffic Sign Recognition (ETSR)

#### **COMFORT & CONVENIENCE**

- Automatic Dual Zone Air Conditioning with Air Quality System (AQS3)
- · Dark tinted rear side and tailgate windows
- Electric Folding Door Mirrors with courtesy approach lighting
- Electrochrome rearview mirror
- Rear parking sensors
- 180° Colour Reversing Camera with wash system
- PEUGEOT e-Remote Control\*^ vehicle charging and cabin pre-conditioning (HYbrid only)
- · Drive mode selector

#### **INTERIOR FEATURES**

- · Ambient lighting linked to Drive Mode
- · 'Dynamic' front seats
- · 'Fractil' embossed fabric with 'Isabella' leather effect trim
- Driver seat manual lumbar adjustment

#### **EXTERIOR FEATURES**

- 17" 'Silex' alloy wheels
- · Front grille with horizontal chrome accents

#### IN CAR ENTERTAINMENT

- PEUGEOT i-CONNECT® Advanced\*∧
- Connected Navigation with TomTom Live Updates & Speedcam alerts (6 months free subscription trial)^
- Over the air' updates
- Voice recognition with "OK PEUGEOT" command using natural language
- PEUGEOT Virtual i-Toggles® customisable

#### LIGHTING AND VISIBILITY

- ECO LED Headlights
- · Front and rear signature daytime running lights
- · 'PEUGEOT Smartbeam' -High Beam Assist

CO2 figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO2 figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle as well as EAER range data and RDE2 compliance for BIK%. The addition of optional extras could increase the certified CO<sub>2</sub> emission output or modify the EAER range. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

\*For further information on CO2 and pricing for vehicles with optional equipment, please visit www.peugeot.co.uk and configure your chosen vehicle with your preferred options.

>>Plug-in Hybrid Electric Vehicle Range (EAER) for standard specification without factory fitted options. Factory fitted options may reduce electric vehicle range

Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard.

The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO2 figures.\*\*'On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance."

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

FURTHER INFORMATION

## **NEW PEUGEOT 408** REINVENTING THE DRIVING EXPERIENCE

## PEUGEOT i-Cockpit®

#### 10.0" Digital Instrument Panel

The PEUGEOT i-Cockpit® is part of PEUGEOT's DNA. The latest-generation in New PEUGEOT 408 features a compact multi-function steering wheel, fully customisable instrument panel with 10" digital display and 10" High Definition central touch-screen, offering high-quality ergonomics and technology.

Featuring a "high vent" architecture that places the air vents in front of occupants heads, the layout ensures the standard 10-inch central touchscreen, which is gently angled towards the driver, is within easy reach whilst naturally integrating into the dashboard.

The new PEUGEOT i-CONNECT Advanced infotainment system ensures the highest levels of connectivity, customisation, safety and ease of use.

#### Configurable 10.0" head-up digital instrument panel

Available as standard across the new PEUGEOT 408 range, this 10.0" 100% digital instrument panel can be customised to suit the driver's needs. As the panel is positioned higher, it is more within the driver's field of vision which can increase safety when compared to a conventional setup where the dials sit within the steering wheel.

The crisp and colourful graphics within the instrument panel can be adapted to give a variety of display modes some of which include:

Connected Navigation

Driving Aids

· Radio/Media

· Energy flow (Plug-in HYBRID)

In addition to the above a 'Personal' mode can also be configured, for optimum convenience.

WHEELS

On GT versions, the head-up digital instrument panel features 3D technology, projecting information in hologram form. The data is dynamic, being displayed closer to or further from the driver's eye as a function of importance or urgency, helping to increase reactivity.

TECHNICAL SPECIFICATION

**DIMENSIONS** 

## PEUGEOT i-Cockpit®

#### New compact multi-function steering wheel

The new compact multi-function steering wheel enhances every journey in new PEUGEOT 408. Out on the road the compact dimensions increase the visibility of the cars instruments whilst in the corners it provides heightened responses and improved agility.

The new compact multi-function steering wheel includes sensors which can detect the drivers grip on the steering wheel when using the driving aids such as Adaptive Cruise Control and Lane Position Assist.

The new compact multi-function steering wheel includes controls for the radio, media, volume, telephone, driving aids & voice recognition.

In addition, on GT versions a heating function ensures optimum driver comfort.

#### 'Arch' design centre console

The strikingly designed 'arch' centre console conveniently places all dynamic controls next to the driver including:

Automatic Gear Selector complementing the PEUGEOT i-Cockpit® and featuring a compact ergonomic design, helping to free up space for generous storage. Operation is intuitive and smooth, and for the more exuberant driver a manual driving mode (M) is also available, gear changes can be performed seamlessly via the steering column mounted paddles. On HYbrid verisons the manual driving mode is replaced with brake mode (B) for enhanced regenerative braking.

Engine Push Button Start illuminated and located for easy reach

**Drive Mode Selector** easily accessible enabling selection of an alternative drive mode on the move, for example 'Sport' mode or 'Electric' mode on HYbrid versions

Electric Handbrake Control conveniently located for manual 'override' of the automatic handbrake

#### 10.0" high definition (HD) capacitive touchscreen

With crystal clear graphics, the 10.0" capacitive touchscreen houses several key technological features on the new PEUGEOT 408. Capacitive technology provides smartphone levels of responsiveness whilst multi-touch technology brings greater levels of functionality. In keeping with the PEUGEOT i-Cockpit® theme, the touchscreen is angled towards the driver.

The virtual i-Toggles® are a second touch-sensitive screen and located below the 10" touchscreen to create an 'open book' effect. Each i-Toggle is a virtual shortcut key which can be fully customised to your needs.

The new i-Connect® function ensures easy access to applications, activated by saying 'OK PEUGEOT' followed by your command.

On all versions, smartphones can be connected wirelessly for Android Auto or Apple Car Play™.

TECHNICAL SPECIFICATION WHEELS

**DIMENSIONS** 

## **NEW PEUGEOT 408 HIGH-END DESIGN**

## **EXTERIOR STYLE**

## THE SILHOUETTE OF NEW **PEUGEOT 408 IS ATTRACTIVE** FROM EVERY ANGLE.

The striking shape of new PEUGEOT 408 is characterised by its dynamic inspirational Fastback stance. Its modern elegance makes it stand out on the road.

With ground clearance raised but height contained, its sporty design and fluid lines emphasise its aerodynamic qualities.

- 1. Full LED technology for exterior lighting including ultra-compact full Matrix LED headlights and instantly recognisable 'fang', accommodating the full LED daytime running lights and direction indicators
- '408' designation features front and rear
- 3. Full LED lighting includes the **PEUGEOT 3-claw signature** at the rear, two interpretations of the 'claws' are available. GT versions benefit from a 3D design with specific clawto-claw sequential 'welcome sequence' upon unlocking the vehicle
- **4.** The **PEUGEOT shield** is proudly presented on the front doors of GT versions
- **5.** Designed to direct air flow, the 'cat's ear' style **body** coloured rear spoiler optimises aerodynamics whilst creating a striking design detail
- 6. The 20" 'Monolithe' alloy wheel geometric design creates a striking visual effect at low speed. New 'star' centre caps feature the PEUGEOT shield
- 7. Sharp lines, sculpted and faceted bodywork play with light, attractive from every angle
- 8. Stylish vertical design front grille body coloured subtly merges into the body work whilst proudly presenting the

## **NEW PEUGEOT 408 HIGH-END DESIGN**

## **STYLE & PRACTICALITY**

#### Full Matrix LED Headlight technology (Standard on GT)

The ultra-compact front lighting signature is decidedly contemporary and hi-tech. Combining elegance with strength, the front headlights mark the dynamism and identity of the new PEUGEOT 408.

This feature automatically adapts the headlight beams to the traffic conditions, maintaining optimal lighting without hindering other road users (such as oncoming vehicles or vehicles in front).

#### 'Hands Free' Smart Electric Tailgate

The 'Hands Free' function allows the driver to open and close the boot easily by waving a foot under the rear bumper.

Conveniently, for easy passenger access to the boot, the smart electric tailgate can also be opened and closed from the drivers seat of the new PEUGEOT 408.

**EQUIPMENT** 

CHOOSE YOUR PAINT

UPHOLSTERY OPTIONS

WHEELS

**DIMENSIONS** 

## **SAFETY TECHNOLOGY**

The new PEUGEOT 408 is fitted with numerous driving and manoeuvring assistance systems to increase your comfort and safety.

#### **Active Safety Brake System**

(Standard on all versions)

An intelligent autonomous braking system designed to avoid a collision or limit its severity by reducing the vehicle's speed. The system is triggered if the driver does not react quickly enough, by activating the vehicle's brakes.

#### Lane Keeping Assist

(Standard on all versions)

A system that monitors longitudinal lane markings on the ground. If a deviation is detected across a lane marking, you are alerted by a flashing indicator on the digital instrument.

In addition as soon as the system identifies a risk of accidentally crossing one of the marking lines detected on the ground, the steering is gradually corrected to keep the vehicle in lane, at speeds of over 40mph. For further peace of mind, road edge detection is also included to reduce the likelihood of the vehicle leaving the road.

#### Long Range Blind Spot Detection (up to 75 meters)

(Standard from Allure Premium)

Using lateral ultrasound sensors to cover areas out of your field of vision along with the windscreen mounted camera, an LED illuminates in either side door mirror to alert to the presence of a car, lorry, motorbike or bicycle in your blind spot. The system works when overtaking a slower vehicle or when overtaken by a faster vehicle.

SERVICE CONTRACTS **DIMENSIONS** 

## **NEW PEUGEOT 408 EXPLORE THE RANGE**

## **SAFETY TECHNOLOGY (CONTINUED)**

The new PEUGEOT 408 is fitted with numerous driving and manoeuvring assistance systems to increase your comfort and safety.

#### Adaptive Cruise Control with Stop & Go Function

(Standard from Allure Premium)

The ACC Stop and Go system, which can be controlled via steering wheel mounted controls provides two key functions:

- · Automatically maintains vehicle speed at the reference speed set by the driver
- Automatically adjusts vehicle speed to keep a safe distance from the vehicle in front, in line with the vehicle distance setting selected by the driver.

#### Lane Positioning Assist

(Standard on GT)

This intelligent system positions the car centrally in the lane of travel, applying left and right trajectory corrections accordingly, whilst the adptative cruise control maintains speed and distance from the traffic ahead.

#### Rear Cross Traffic Alert

(Standard from Allure Premium)

For safe reversing this feature warns the driver about any obstacles that may be in the blind spot of the vehicle (cars, cyclists, motorbikes, etc) using the rear corner radars.

#### **Night Vision**

(Optional on GT)

This unique technology in the C-segment identifies pedestrians and animals on the road at night.

Using the infrared camera in the grille, PEUGEOT Night Vision improves visibility, identifying pedestrians and animals over 50 cm tall at a distance of between 15m and 200m and alerts the driver up to 100m before the collision.

The digital cluster clearly displays the situation in front of the vehicle (in greyscale) for the driver. Moving sources of danger such as people and animals are overlined in yellow and then in red to warn the driver depending on the level of criticality.

STYLE AND PRACTICALITY SAFETY TECHNOLOGY PEUGEOT I-COCKPIT® CHOOSE YOUR PAINT PRICE LIST **EQUIPMENT** WHEELS

## **NEW PEUGEOT 408 PLUG-IN HYBRID** ELECTRIC PLUG-IN HYBRID WITHOUT COMPROMISE

## LIVE THE POWER OF CHOICE

#### Choice of Plug-in HYbrid

New PEUGEOT 408 is available with a choice of two Plug-In HYbrid powertrains:

- HYbrid 180 e-EAT8 with efficient PureTech 150 hp engine combined with a 81kw electric motor engine
- **HYbrid 225 e-EAT8** with efficient PureTech 179 hp engine combined with a 81kw electric motor engine

#### The new PEUGEOT 408 plug-in HYBRID features the following key elements:

#### **Powertrains**

- Efficient Puretech 150 hp or 179 hp engines and 8-speed gearbox (e-EAT8) which accommodates the 81kw electric motor
- This efficient combination delivers a combined power output of either 180hp (110kW) or 225hp (132kW) for a lively and stimulating drive with immediate reactivity.

#### **Battery**

Li-lon 12.4kWh (102kW)

#### Warranty

• 8 year/100,000 mile (For 70% of original capacity)

#### EMP2 V3 platform

• The new EMP2 V3 platform has been developed to accommodate a range of petrol and electrified powertrains whilst preserving space on board and boot volume. Particular attention was given to weight reduction and balance to achieve a rewarding driving experience.

#### Charging

New PEUGEOT 408 Plug-in HYbrid versions are fitted with a 3.7kW on board charger and supplied with a 6m Mode 3 Type 2 cable for charging.

- A full charge can be achieved in 3 hour 25 mins when connected to a 7.4kW wallbox.
- · The optional 7.4kWh on board charger reduces the charging time to 1hour 40 mins using a 7.4kW wallbox.
- Charging is also possible using a Domestic (AC) 2.3kW supply from a regular 3-pin plug socket. A full charge can be achieved in 5 hours 30 minutes using an accessory charging cable available via a PEUGEOT Retailer.

A wall box at home is recommended for your everyday convenient charging solution.

To manage the charging start time, a deferred charging function is available to avail of off peak tariffs for example.

#### 3 driving modes

- New PEUGEOT 408 plug-in HYbrid versions feature a drive mode selector on the centre console offering a choice of 3 driving modes:
- **HYbrid** alternation of electric and internal combustion engine driving to optimise efficiency
- Electric 100% electric driving
- Sport uses all of the power of internal combustion and electric engines for maximum performance

## **NEW PEUGEOT 408 PLUG-IN HYBRID** ELECTRIC PLUG-IN HYBRID WITHOUT COMPROMISE

## LIVE THE POWER OF CHOICE

#### **PLUG-IN HYBRID SERVICES**

#### MyPeugeot App

Charge management Control, plan, launch and check the vehicle's charge status remotely.

Cabin pre-conditioning Remotely plan and control the heating or cooling of the cabin prior to departure, ensuring optimum comfort and efficiency.

#### **Pedestrian Horn**

New PEUGEOT 408 plug-in HYbrid versions are fitted with a pedestrian horn, alerting pedestrians that the vehicle is approaching, when driving in Electric mode (100% electric driving). The pedestrian horn operates once the vehicle is moving at speeds up to 19mph in forward and reverse gear.

#### **Energy Application**

Accessed via the central touchscreen the energy application provides access to information and functions for the HYbrid powertrain including:

**Energy Flow** showing the operation of the rechargeable hybrid system in real time.

**Statistics** showing electrical energy and fuel consumption statistics.

**Charging** to enable the programming and activation of deferred charging.

e-Save to save or regenerate all or part of the battery for later during a journey, for example an urban area. The electric range to be reserved can be set to 6 miles, 12 miles, or maximum range.

#### PLUG-IN HYBRID STYLING

The new PEUGEOT 408 plug-in HYBRID includes some exclusive touches:

Distinctive exterior HYBRID badging.

Specific HYbrid graphics and animations available on the digital instrument panel and central touchscreen enabling access to key information on the move.

Option to specify 20" 'Monolithe' alloy wheels featuring a geometric design, which creates a striking visual effect at low speeds.

Carbon monoxide (mg/km)	392.4
Total hydrocarbons (mg/km)	20.5
Nitrogen Oxides (mg/km)	40
Particulate Matter (mg/km)	0.25

The fuel consumption achieved, and CO2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO2 figures.

Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO2 values of other cars tested to the same technical standard.

^ 'LOW': Low speed city driving, representative of city centre driving, maximum 35mph.

 $^{\wedge\wedge}$  'MEDIUM': Medium speed town driving, representative of town or suburban driving, maximum 50mph.

^^^ 'HIGH': High speed rural driving, representative of A-road or dual carriageway driving, maximum 60mph.

^\* 'EXTRA HIGH': Extra High speed motorway driving, representative of a typical European motorway, maximum 81mph.

 $^{\wedge * \wedge}$  'COMBINED': A mixed journey average of all elements.

Figures quoted reflect a range of configurations (including non-UK market vehicles) and are subject to changes resulting from ongoing product development, range evolutions, testing and evaluations.

The fuel consumption or electric range achieved, and CO2 produced (where applicable), in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); the starting charge of the battery; variations in weather; driving styles and vehicle load.

The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption, electric range and CO2 figures.

Figures shown are for comparison purposes and should only be compared to the fuel consumption, electric range and CO2 values of other cars tested to the same technical standard.

- ^ 'LOW': Low speed city driving, representative of city centre driving, maximum
- ^^ 'MEDIUM': Medium speed town driving, representative of town or suburban driving, maximum 50mph.
- $^{\wedge\wedge\wedge}$  'HIGH': High speed rural driving, representative of A-road or dual carriageway driving, maximum 60mph.
- ^\* 'EXTRA HIGH': Extra High speed motorway driving, representative of a typical European motorway, maximum 81mph.
- ^\*^ 'COMBINED': A mixed journey average of all elements.

Figures quoted reflect a range of configurations (including non-UK market vehicles) and are subject to changes resulting from ongoing product development, range evolutions, testing and evaluations.

\*Please note: The EAER, Equivalent All Electric Range, is for business tax calculations only and does not represent the actual range attainable by the vehicle.

VAT is calculated at 20%. VAT is not applicable to cars sold in the Channel Islands.

Cars with a list price of over £40,000 at first registration will pay an additional rate of £390 per year on top of annual tax 'standard rate', for five years from the start of the second licence, before returning to the rates listed above. This supplement does not apply to electric vehicles.

#### **PEUGEOT 3 YEARS OF WARRANTY**

All vehicles first registered in the UK and purchased from a UK PEUGEOT Retailer benefit from a PEUGEOT 2 year unlimited mileage manufacturer's warranty and a free optional additional 1 year of warranty provided by the PEUGEOT RetailNetwork in the UK.

## **PEUGEOT ASSISTANCE**

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service.

PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.

Full details are available at www.peugeot.co.uk

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

It is our policy to continually improve our vehicles in every way. To avoid any misunderstandings you are advised to check with your PEUGEOT Dealer the prices, specification (including colour), equipment, accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering.

Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically
